LIEUT. PEARY.

Plans Completed for the Rescue of the Arctic Explorer.

The Party Will Leave Philadelphia About June 24 for St. Johns.

If Conditions Are Favorable the Auxillary Expedition Will Make an Exploration of the Baffin Bay Shore of Ellesmere Land for Two Swedish Naturalists.

NEW YORK, May 3.-The Geographical club of Philadelphia has completed the plans for the forthcoming expedition organized to effect the return of Lieut. Peary and his party to the United States. The expedition was arranged for by Lieut. Peary before he started on his present venture, and the funds necessary for chartering the vessel were, in the main, supplied by him. The command of the expedition has been turned over to Mr. Henry G. Bryant, the recording secretary of the geographical club.

The party will leave New York about June 24 for St. Johns. From that port they will sail north on or about July 4. The first stop will be made at Godhaven, on Disco island. Continuing north, Melville bay will be crossed and a brief visit will be made to the settlement of primitive Eskimos, near Cape York. Then a direct run will be made to the Peary headquarters at Bowdoin bay, in Inglefield gulf, in latitude 17 deg. 43 min., which point it is hoped will be reached by July 25.

Lieut. Peary and the members of his inland party will not return from their long sledge journey to the north until August; but it is deemed advisable to acquaint the members of the party at Anniversary Lodge, in Bowdoin bay, of the presence of the Falcon, and at the same time deliver the mail and gain assurance of the safety of all hands.

If the conditions are favorable, the plans of the auxiliary expedition contemplate an examination of the Baffin bay shore of Ellesmere land, with a view to looking for records of the two ill-fated Swedish naturalists, Bjorling and Kallstenius, whose schooner was wrecked on the Carey islands in the summer of 1892, and who left a message on these islands, which was recovered by a Scotch whaler in October of last year, saying that they proposed to seek refuge among the Eskimos of Ellesmere land.

The auxillary party will not exceed seven in number. It is known that Dr. Axel Ohlin, a Swedish scientific man; deputed by the friends of Bjorling and Kallstenius in Sweden to participate in the search for the young adyenturers, will be a member of the

CHURCH FAIR RAFFLES. The United States Senate Discusses Them

NASHINGTON, May 3.—In the senate Wednesday the senate bill for the suppression of the lottery traffic through national and interstate commerce and the postal service, was on motion of

calendar for consideration. A protest was made by Mr. Vest (dem., Mo.) against the extension of anti-gambling laws to religious fairs, where articles are raffled for charitable purposes. To a question by Mr. Gray (dem., Del.) whether church mom bers should be exempted from the operation of the law, Mr. Vest replied that if any senator thought that church and charity fairs should be placed on the same footing as the Louisiana or Havana lotteries, he was welcome to his opinion. Mr. Gorman (dem., Md.) coincided with the views expressed by

Mr. Vest. Mr. Hoar remarked that no provision of law could be made that would prohibit the offense of gambling and at the same time contain a provision that church members and amiable people might gamble a little for pious pur-It would be mischievous legialation.

Mr. Gormon, in enforcement of his own and Mr. Vest's views, said that there was not a charitable institution in Maryland operated up to twenty years ago that had not been the creation of lottery systems by law, and that in two-thirds of the hospitals in Washington and the institutions of the Little Sisters of the Poor, two-thirds of the revenue came from those in nocent frauds. The bill went over without action.

The conference on the bill to protect birds and animals and to punish crime in the Yellow Stone national park was then agreed to.

The tariff bill was then taken up and Mr. Lodge addressed the senate in opposition. He was followed by Mr. Square, who also addressed the senate in opposition.

After the consideration of executive business, the senate at 5:45 p. m., adjourned till Thursday at 11 a. m.

A. P. A. Utterances. Fr. WAYNE, Ind., May 3 .- When the circuit court convened Wednesday af ternoon for the purpose of resuming the hearing of evidence in the criminal libel case against W. P. Bidwell, the editor of the American Eagle, a very sensational occurrence took place. When the jury had taken their seats Judge O'Rourke turned to them and said that an affidavit had been filed charging one of the jurers, Joseph Hood, with conduct which, if true, would disqualify him from acting as a juror in the case.

It was charged that in a conversation Tuesday evening Juror Hood had cursed the lawyer for the prosecution for his remarks about the A. P. A. in the courtroom; also, that he had said one A. P. CHICAGO, May 3 .- Dr. Leonard St. John, of this city, who recently paid a visit to the smallpox hospital here, and sent a letter of protest to the sity by Landers and signed by the old lady. health authorities regarding its condition, said Wednesday:

"The pest is spreading. The nesthouse and its annex is overflowing. Many who have been spared by the pest have died from erysipelas on account of the draughts. The 12th which makes the pesthouse unbearable has destroyed the eyesight of others who recovered in spite of the treatment they received at the pesthouse. There are over three hundred victims in the hospital now, all in danger of death, yet there is no resident physician, and when I was there, only ten sisters to do everything. There must be plenty of room and the best of help at once, or the pest will get beyond control and remain indefinitely."

Washington, May 3.-In the house of representatives Wednesday Mr. Johnson (dem., Ohio,) rising to a matter of privilege, offered the following resolution:

Whereas, It is well known that the capitol grounds were on May I overrun by a large as-semblage of people, including a considerable number of the regular and special police of the

district, and, Whereas, It is publicly stated that the safety of the members of this house has been endangered thereby, making it necessary for the house to rely on the clubs of the policemen for

their protection, Resolved, That the committee on public buildings and grounds be instructed to inquire into the question as to whether unnecessary force was used; whether unoffending citizens were cruelly beaten and whether the dignity of this house has been violated; that the commit-tee have the power to send for persons and papers, and report the facts in connection with this subject with their recommendations as to whether any legislation is necessary in the

Mr. Outhwaite (Dem., O.) suggested that the resolution presented no ques-

tion of privilege. In support of his contention that it was a matter of privilege, Mr. Johnson said that in the sight of members of the house, within the shadow of the capitol, citizens were cruelly and unnecessarily beaten, and he asked that it be investigated, believing that the whole proceedings directly and vitally affected the dignity of the house. It was disgraceful, he said, that such a thing could occur. In presenting the resolution, Mr. Johnson said he was not moved by any sympathy with the purposes or aims of the Coxey army.

The speaker asked how that present ed a question of privilege. Those people were violating the law.

Mr. Johnson responded that he believed it to be a question of the very highest privilege.

The speaker suggested that the matter should be investigated in the police court or other tribunal estab lished for that purpose, but the resolution did not present a question of priv-

Opinion of the Commonwealers and Their

Methods. CHICAGO, May 3. -- Gen. Miles, in an interview, says that he knows of no orders having been issued by the war department of the army regarding the commonwealers who are marching to Washington from different points of the compass. "It is unfortunate," said he, "that these men, whatever may be their condition or their suffering, have adopted the name 'army.' There is only one army in this country. All American citizens have the right to petition congress, but it is unfortunate that they have adopted the plan of organizing men into companies, giving some of them the titles to which they have no rights, and organizing pseudo military courts to try offenders. All this savors of a menace toward congress and tends to create prejudice against their cause in congress and the American people in general."

Representative Bell's Scheme.

WASHINGTON, May 3.-Mr. Bell (pop., Col.) introduced in the house Wednesday a joint resolution to provide for the appointment of a committee to devise means for the employment of the idle men of the country, restrict immigration, start up the mines, increase the currency, and to prohibit the issue of interest bearing bonds without the authority of congress.
